DEDICATION

To Connor K. Salm, because mainly through and by him a true school spirit and spirit of achievement has been aroused, of which this book is one manifestation, we dedicate this annual as a token of our sincere esteem.

FOREWORD

In conjunction with the rising tide of enthusiasm in M. H. S., it seems entirely appropriate and congruent to publish an annual. This year book, the first since 1919, has been made possible by the generous support of the merchants of Madison and the students of high school. To these we offer our work, our book which is now yours.

Senior Class History

'14-'15

Four long years ago a noble army advanced with unsoldierly tread upon the imposing portals of Madison High School. Noble this army was, because of its destiny as the class of '28; unsoldierly was its tread, because untrained. But, like many another similar band, onward they came, jubilant for life's widening circles, confident in their own strength's ultimate supremacy, and ignorant of life's serious business.

There were the customary enrollment; the arranging of illustrious careers to be; subsequent and habitual frowns from upper classmen, meant to discourage or to deride; then the glorious course was established. Thus with spirit irresistible and hopes unlimited, this noble army's tread became the sound whose echo spelled the genius of our class: "*Per angusta ad angusta.*"

'15-'16

Finally we had reached that dignified position from which we could look ahead with hope, voice our opinions with impunity, and enjoy the respect of those beneath us, for we were mighty Sophomores. This year soon presented many difficulties. There was a gradual settling to a serious consideration of the meaning and the purpose of school. Some of our number brought honor to our class, both in scholastic attainment, and on the field of battle as represented in base-ball, basket-ball and foot-ball. During the previous year we had been all-sufficient, all-wise; but this year had taught us the real beginning of all knowledge, that we knew nothing. Now we were prepared to make the best use of the opportunities presented by the year to come.

'16-'17

We stood on the very threshold of our purpose, which we hoped to realize in the coming year. Our hearts were filled with a great pride in our school, and a determination to be worthy of her. We plunged eagerly into the sport life and delved into the scholastic life with a firm determination to win. We were defeated by the Seniors in the inter-class basket-ball games, but maintained an indomitable spirit in all things. This was, perhaps, the richest scholastic year in our history. Untouched by extreme youth or too great dignity, this was dedicated to the preparation for the end. We were building: "*Monumentum aere perennius.*"

'17-'18

The pinnacle has been reached, and now we stand again at the outer portal. Looking back across the vista of these four years our hearts are swayed by many emotions. We are glad to have been children and students of Madison High School, proud to hold her diploma. We can see, with near-dimmed eyes progress from that first untutored entrance to this sad and last departure. Many of that hopeful throng who entered with high hopes four years ago, have become but memories. Our hearts go out to them. May they ever keep the spirit of the class of '28. And now, as we depart, we are saddened by our leaving. These have been four long years of joy and labor, and the associations are not easily broken. As we pass without the portal gate, Alma Mater looks benignly down and seems to be saying, tenderly,

"Vade in pace."

We answer solemnly,

"Vale."

Alma Mater's voice follows us, gently assuring in its tone: "*Vivere sit vincere,*" and we depart this hallowed ground, ennobled.

Written by Ruby Rodgers.

The Mahisco Literary Society had considered the resurrection of the annual in 1925 but it was not until the beginning of the '27-'28 school year that any definite action was taken. A committee of three was appointed to investigate the financial possibilities of an annual. After canvassing the merchants of Madison and the students of high school for ads and subscriptions, the committee reported the situation favorable and immediate communications were made with various engraving and printing companies. A staff was appointed by the Board of Affairs and work was begun in real interest.

This staff has now completed its work and its only hope is that the students of high school and the citizens of Madison will find this 1928 annual so satisfactory that they will support or even demand one next year. To this end, that the Mahisco will be published every year, the staff has unselfishly directed its every effort.

The Mahisco Literary Society was formed in 1924 and soon after its organization took over the publication of the school paper, "The Madisonian." The purpose of this society is to cultivate literary talent in the school and to promote the best forms of literature. Programs of various kinds are given at the meetings and this year the Society took up debating. It is planned to organize a debating team, sponsored by the Mahisco Society and financed by the Booster Club. This club undertook to sponsor and back the publishing of this book which is the biggest work of the year.

Mr. Salm, Sponsor

Madison High School's Booster Club was formed in the school year '26-'27, by Mr. Salm, and is sponsored by him. Two persons, a boy and a girl are chosen from each class. Part of the club is newly chosen each year. The members elect their own officers, president, vice-president, secretary, and treasurer.

The Booster Club was started for the purpose of backing all school activities and of creating a better school spirit among the students.

The first year, the Boosters sold old papers, gave a supper and gave a picture show in Junior and Senior High Schools to raise money to buy sweaters and letters for the football men. The County basketball tourney which was held in Madison was also sponsored by the Booster Club.

This year the Club gave an Interclass Basket Ball Tournament to raise the sweater money. A high school debating team which will be organized later in the year is also going to be backed by the Booster Club.

The Booster Club has been successful in all its undertakings and is indeed an asset to the school.

Mahisco '28

Sunshine Society

The Sunshine Society is just what its name implies—a society whose purpose is cheery helpfulness, sunny ways and kindness to others.

State conventions are held every year; in 1926 it was held at Madison. At Martinsville in 1925 a state pin was adopted and a state song adopted at the Madison convention.

Our local society was first organized and supervised by Miss Jessie Wells, whose wonderful spirit and leadership led to great progress during the first year. Miss Mayme Hadley has since been our sponsor.

The Sunshine Society has done much good in the school as well as in the community. In school it promotes a feeling of comradeship among the girls and does all it possibly can for the welfare of the school.

The society has furnished the gym stage at great expense, helped in different drives and aided societies outside of school at all times.

The Madisonian has been published continuously under its present name since 1919. Previous to that time various school periodicals were irregularly published, one of which was called "The Arrow." In 1924 the Mahisco Literary Society undertook its publication and it has remained there until the present date. Under different editors and at different times, the Madisonian had various shapes, sizes, qualities, and dates for publication. At present it is published regularly every two weeks. The staff ever has striven to make the Madisonian a help and a credit to the school.

The Hi-Y Club

There has been a H-Y club in Madison High School for four years. This year it has an efficient leader and a very capable sponsor in Monroe Mills and Mr. Cottman.

The club meets twice each month and a program committee arranges an interesting program for each meeting. At these meetings problems which confront every boy and young man are discussed, and various improvements for the school are suggested. The club tries to bring the men of the town in closer contact with the boys and to have them realize the problems that the boys face.

Initiations are held soon after the beginning of each semester. All the meetings are opened with prayer, and Bible discussion is often on the program for the evening.

This club represents and is for the highest type of boys in our schools—real fellows! They endeavor to have a good, wholesome time, yet respect those higher ideals that really count.

The officers are:

Monroe Mills, *President*
George Yater, *Secretary*

Hilbert Cofield, *Vice-President*
Charles Gelle, *Treasurer*

Mr. Cottman, *Sponsor*

"M" Club

Charles Geile, *President*
Joe Rutherford, *Secretary*

William Hertz, *Vice-President*
Charles Klein, *Treasurer*

Mr. Beer, *sponsor*

In November of 1927, the "M", or letter-men of Madison High School met and decided to organize a "M" Club. A constitution and an oath was prepared by a special committee and it was unanimously accepted by the Club. Several amendments were then made to it. The purpose of the organization is to create better athletics in the school. During its first year not much has been accomplished but the Club plans wider activities for the coming year. After the football season an initiation was held and also at the end of the basket-ball season.

Mahisco '28

The Glee Clubs

About seventeen years ago Miss Ella Griffith, director of music in the Madison schools, organized what was then known as the Madison High School Chorus. In 1926 this name was changed to the Glee Club. This is still under the supervision of Miss Griffith.

The club is divided into two divisions, the girls' and the boys' clubs. These divisions meet once every week. The pianists for the Girl's club are Martha Eckert and Louise Quinn, and Emily Res and Jessie Tidball for the Boy's club.

In 1924 the Glee Club presented an operetta "The Pioneer's Papoose;" in 1925 another one, "The Pirate's Daughter" was given and in 1926 a cantata, the "Wreck of the Hesperus" was presented. Sometimes in the spring of this year Miss Griffith plans to put on an Irish operetta.

It is to be hoped that the Glee Clubs will do much for the betterment of Madison High School and will be as successful in the future as it has been in the past.

Mahisco '28

Commercial Club

The Commercial Club was organized January 9, 1928 and held its first meeting the following day. At this meeting the officers were appointed by a nominating committee. Those elected were:

Dorothy DeMint, *President*
Dolly Drake, *Vice-President*
Josephine Klein, *Secretary*
Edna Lee Taff, *Treasurer*
Mrs. G. V. Reul, *Sponsor*

The Club is open to students who are taking commercial subjects and who have an average of three in those subjects. Its purpose is to promote interest in the commercial work offered in M. H. S.

The charter members of the club are: Hiram Lemen, Edna Lee Taff, Anna Koehler, Dorothy DeMint, Dolly Drake, Virginia Dübler, Charles Hirst, Mary E. Frechling, Josephine Klein, Gladys Diederich, Sherman Conoway, Margaret Rea, Dolly Eckert, Ruby Rodgers, Ruth Mathews, Helen Schnabel, Nelson Bivens, Lana Vestal, Arthur Layton, Wilhelmina Gourley, Anna Eaglin, Louise Meyers, Naydene Goins, Dolores Taylor, Hubert Bersch, John Mitchell, Emily Rea, George Yater, Pauline Lemen, Gertrude King, Jean Lewis.

Latin Club

Margaret Opha Andres	President	Stella Firth	Secretary-Treasurer
Winnie Collins	Vice-President	Emily Res	Corresponding Secretary

The Latin Club was organized December 16, 1926. Its purpose is to further the interest of the Latin language and classics. Any one may belong who is interested in Latin. During the early part of the year we did not do very much but later became more active. The constitution was changed and a Valentine party was given in order that more students might take an interest in Latin and join the Club. Miss Kunkel, who is the sponsor, has capably managed it through its early days and the Club will probably take a much more active part in school affairs in the near future.

The Custer Oratorical Contest

Mr. A. S. Custer has placed a sum of money in the bank, the interest from which is given as prizes for an oratorical contest. The five persons from each graduating class are eligible to compete. Should there be a tie in the grades, the department is then counted. The prizes are \$25, \$10, and three \$5 ones. Those students who competed on May the tenth of this year are Helen Morrow, Sherman Conoway, Ruth Mathews, Monroe Mills, and Dorothy DeMint.

The Kiwanis Award

Edwin Mills

Ruth Mathews

This year the Madison Kiwanis Club offered an award to the boy and girl of the Senior Class who best fulfilled the specified requirements. The boy must be a letter man, stand high in his studies, and have the proper attitude toward his school work. The girl is picked by her grades, the attitude she shows throughout her four years, and the activities she has taken part in. Each winner receives a medal prepared especially. Edwin Mills and Ruth Mathews were the winners this year. The Club plans to award these medals on commencement night of each year to a Senior boy and girl.

Football

MADISON VS. SEYMOUR

After several weeks of good hard training and pre-war practice the cubs came forth with a fight that put a scare in our old rivals but which could not prohibit a defeat of 19-7.

MADISON VS. PLEASUREVILLE

It was this game that entitled the Cubs to change their name to Grizzlies for the overwhelming victory of 46-0 showed how completely outclassed were the Kentuckians.

MADISON VS. JEFFERSONVILLE

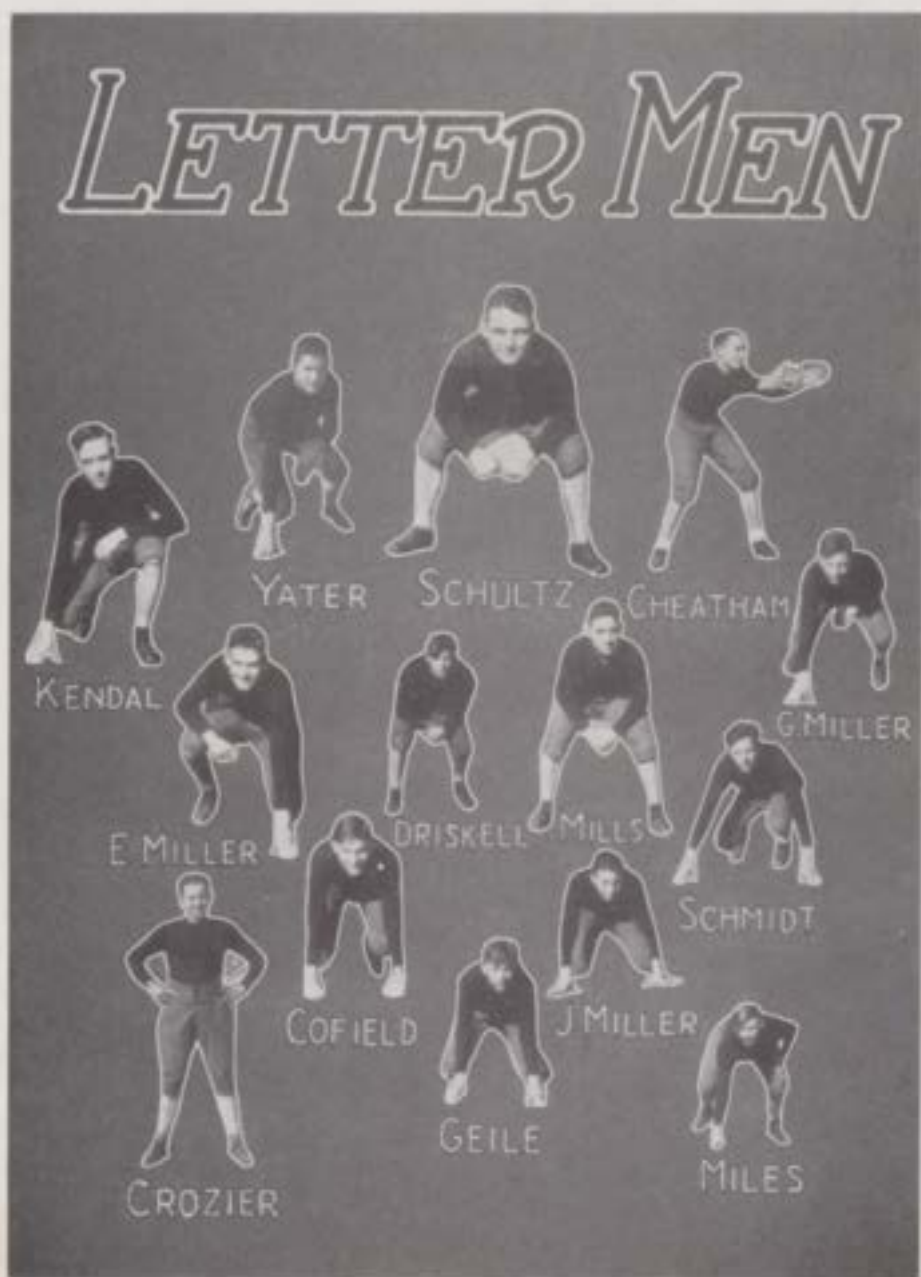

A weak line due to the inability of several strong men to play caused a hole through which it was not hard for Jeff to plow to a score of 26-0.

MADISON VS. SEYMOUR

In our return game of the season with the Seymour team a good brand of football was displayed but with a crippled team the Grizzlies found it difficult to hold them to a score of 25-0.

Girls' Athletic Association

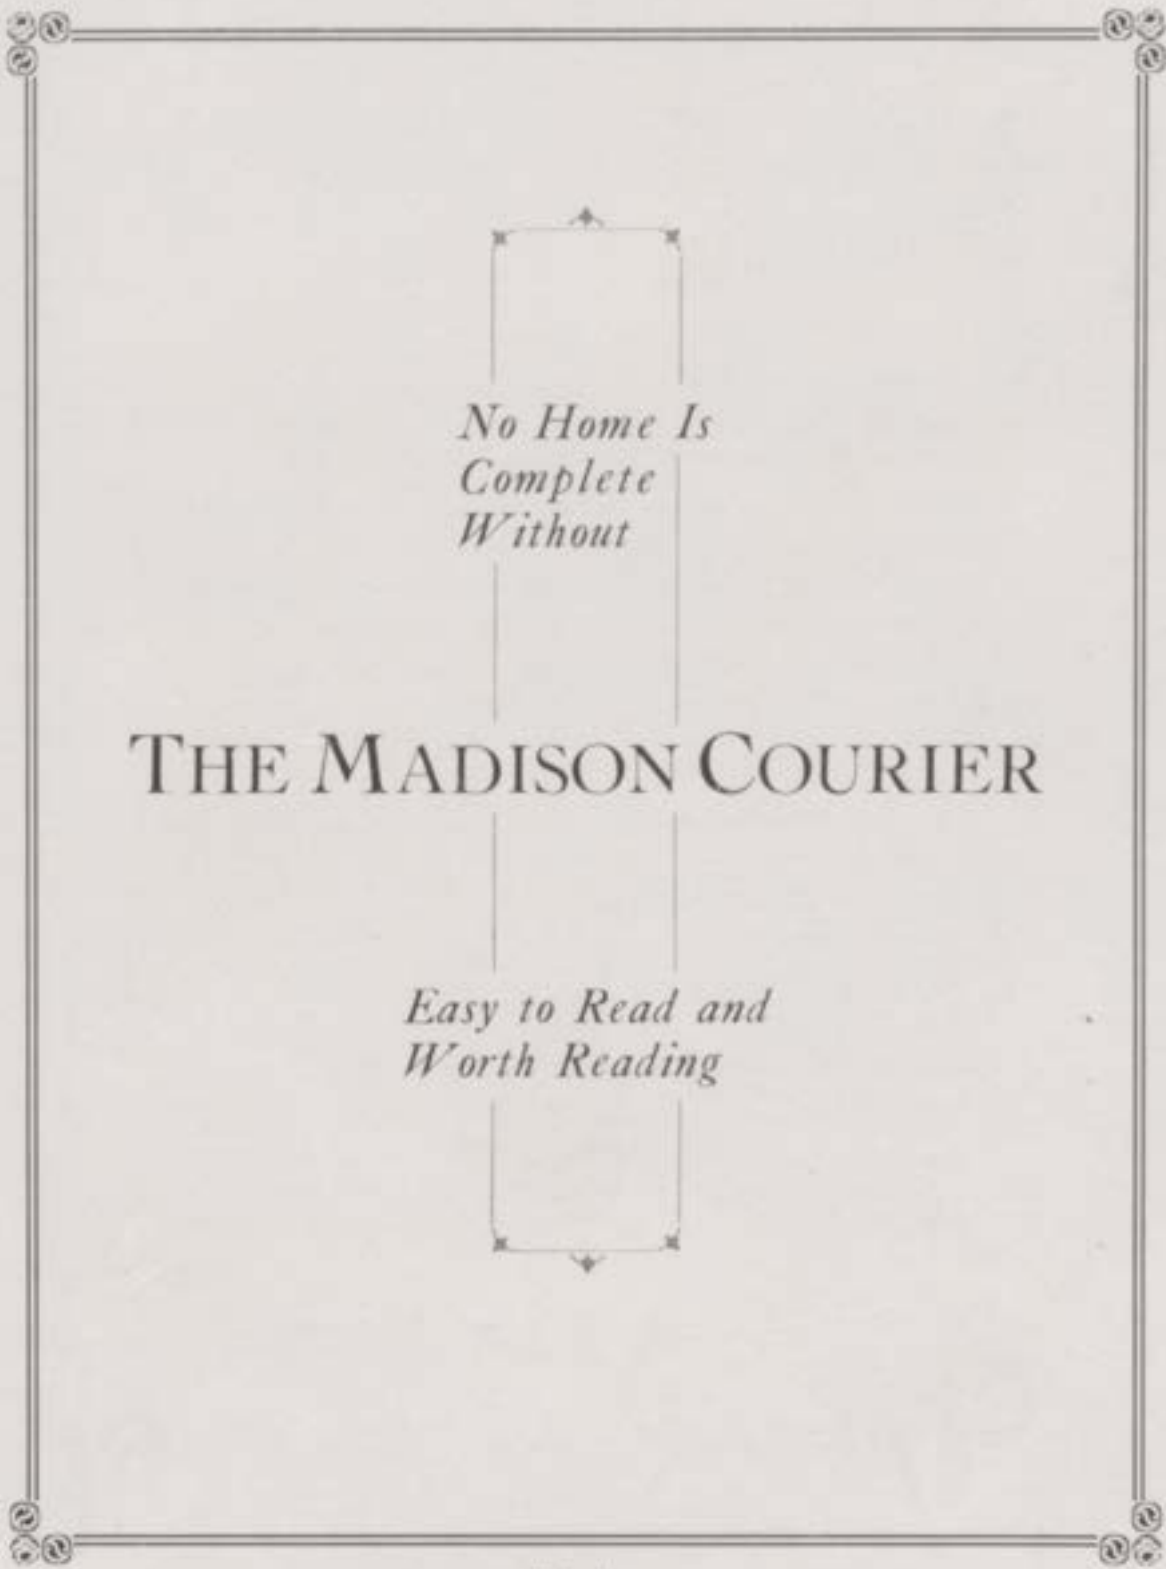

Gladys Black, *Student Manager*
Lucy Miles, *Secretary*

The Girl's Athletic Association was organized in the spring of 1927 and is, so to speak, still in its infancy. Volley ball, basketball and baseball have been the chief sports engaged in up to this time. The point system outlined by the committee appointed at the State Teachers' Association in 1926, has been adopted and is now in use. Under this system the first girl to win a High School Award is Ruby Rodgers.

FEEDING the rag bag is an expensive proposition.

How many times have you had the experience of commending some friend upon a new suit to be told that in reality it wasn't new at all, but several years old?

Newness in wearing apparel is not measured from the standpoint of time, it is judged by the standard of appearance.

Aside from the attractiveness of always looking well dressed, it is less expensive in the long run, strange as it may seem.

We all know that some people always look like something the cat dragged in. They are constantly buying new things to wear. Thirty days is usually the limit, and what should have lasted six months or a year looks like a burlap sack.

Is it carelessness or is it simply that some people do not know how to get the most out of the things they have?

It is well to remember that:—

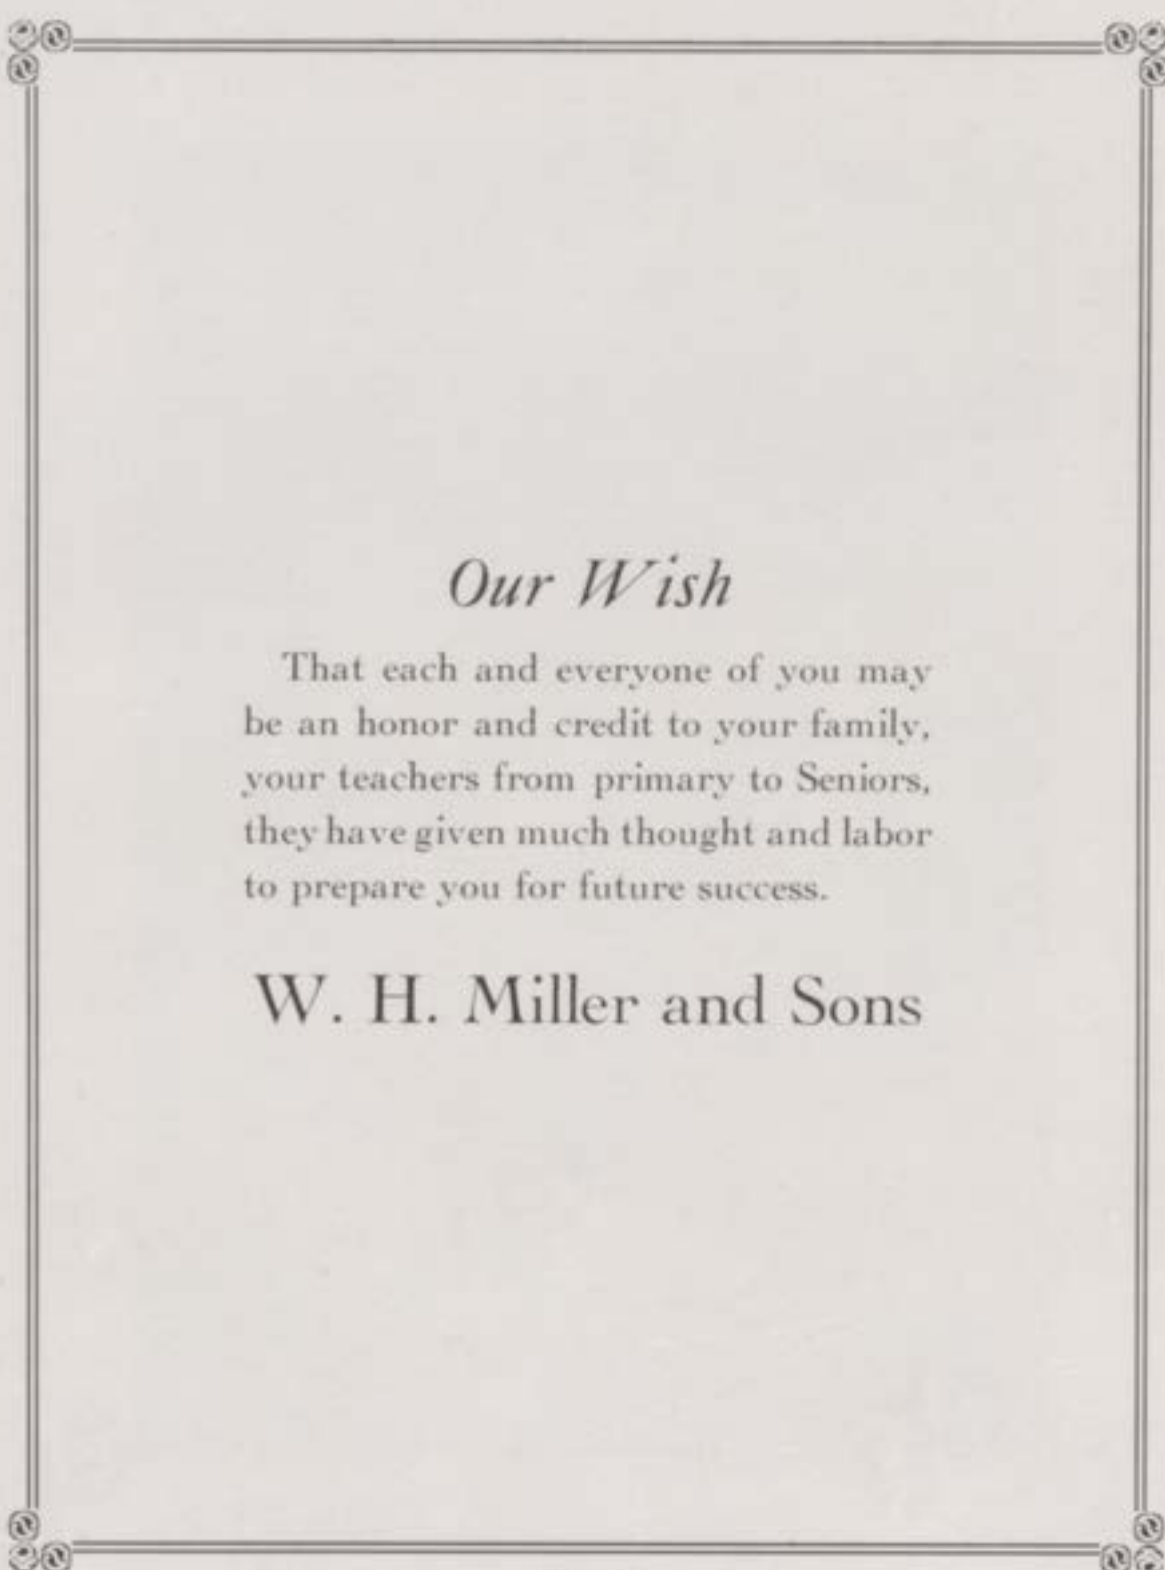

Perspiration rots delicate fabrics.

Dust and dirt acts like sand paper, becoming embedded in the weave and grinding the fine threads to shreds.

Food spots decompose and eat into the life of the material.

Let us suggest a little experiment. Have your wearing apparel properly taken care of and cleaned regularly by us. Do this for a month or so, and you will agree that our service is a profitable necessity.

ODE TO THE STAFF

The school annual is a great invention,
The school gets all the fame,
The printer gets all the money
And the staff gets all the blame.

Mr. Ruel: Goodness Dear, what a long
pie, isn't it too big for us two.

Mrs. Ruel: I'm sorry dear, but I couldn't
get shorter rhubarb.

B. Scott: My, but its chile out to-night,
don't you think?

J. Rutherford: No, I think it's noodle-
soup.

C. K. Jr.: "Dad, buy me a Shetland
pony."

C. K. Sr.: "Keep still, or I'll give you a
'charley' horse."

Dreams

DREAMS created by the imagination precede the achievement of really great accomplishment. The knowing how to weave the threads of imagination into the finished product is equally important.

It has been the custom of the GEO. G. FETTER PRINTING COMPANY to interpret the ideas of the Staff and create in material forms their dreams.

The printing in this volume is the result of organized co-operation with the Staff.

Such co-operation is one of the "Dreams" which precede the building of a successful business, and is the real working policy of the GEO. G. FETTER PRINTING COMPANY.

You, too, may be proud of your Annual.
