SENIOR CLASS HISTORY

In September 1930 one of the largest Freshmen classes in the history of the school entered upon the four year course of high school work. Quite a few have dropped from our number since that time, but we still have a large group of students who call themselves "dignified Seniors."

'30--'31

We started our high school days by attending a Freshman party, which greatly helped us to become acquainted with the upper classmen.

We were assigned to a home room and, under the supervision of Miss Sherman, we managed to learn something of the regime of M. F. S. Although we were called "Green Freshmen" for several weeks, we were finally accepted as a part of the student body.

This year we contributed one man to the varsity basket-ball squad and took part in the Interclass Tourney--but we came out losers.

'31--'32

We were now Sophomores and could laugh at the blunders which the Freshmen made.

In this year we stepped up quite a bit, and really made ourselves known. The Sophomore girls' basket-ball team won the Interclass Tourney; and the boys, not to be outdone, won second place in the Interclass Track Meet. We also contributed two men to the varsity basket-ball squad.

During this year, most of the class woke up to the fact that we were really in school for a purpose, and decided to make the most of the rest of our school life.

'32--'33

We now had reached the position of mighty Juniors. Did we feel important? I should say we did. Not only were we proud of ourselves, but by this time we had acquired a pride for our school and a determination to be worthy of M. H. S.

Under the leadership of Miss Lotz, we worked hard to give the outgoing Senior class a memorable prom and we were successful in our efforts.

We were again defeated in the Interclass Tourney, but we were well represented on the varsity basket-ball squad, as well as in other fields of sport.

'33--'34

We now realized that we were nearing the end. We had all looked forward to the time when we would be Seniors, but now that we actually were, we rather wished that we had a few more years of school. We were again defeated in the Interclass Tourney, but managed to place two men on the varsity squad.

Following the example of the Senior class of 1933, we undertook the printing of an annual. Now, with the remainder of the year crowded with activities, we will feel, when it is all over, that our high school course has been complete.

PROFHECY

All right everybody! Hop aboard our "Time" ship and we will fly ahead for fifty years. We look in upon this group of budding geni after many among the ranks have attained glory and personal honor. We are now in the year 1984. We turn on the television machine, and see and hear the latest events of the day.

Enos Baglan, the baker-boy, has just completed the tests on his latest and greatest invention: "a doughnut hole dispenser."

Jack Black, who starred at Carnegie Tech for so many years, has just perfected a new type of football. This is called a fumbleless football and is especially adapted for athletes of Mr. Black's ability.

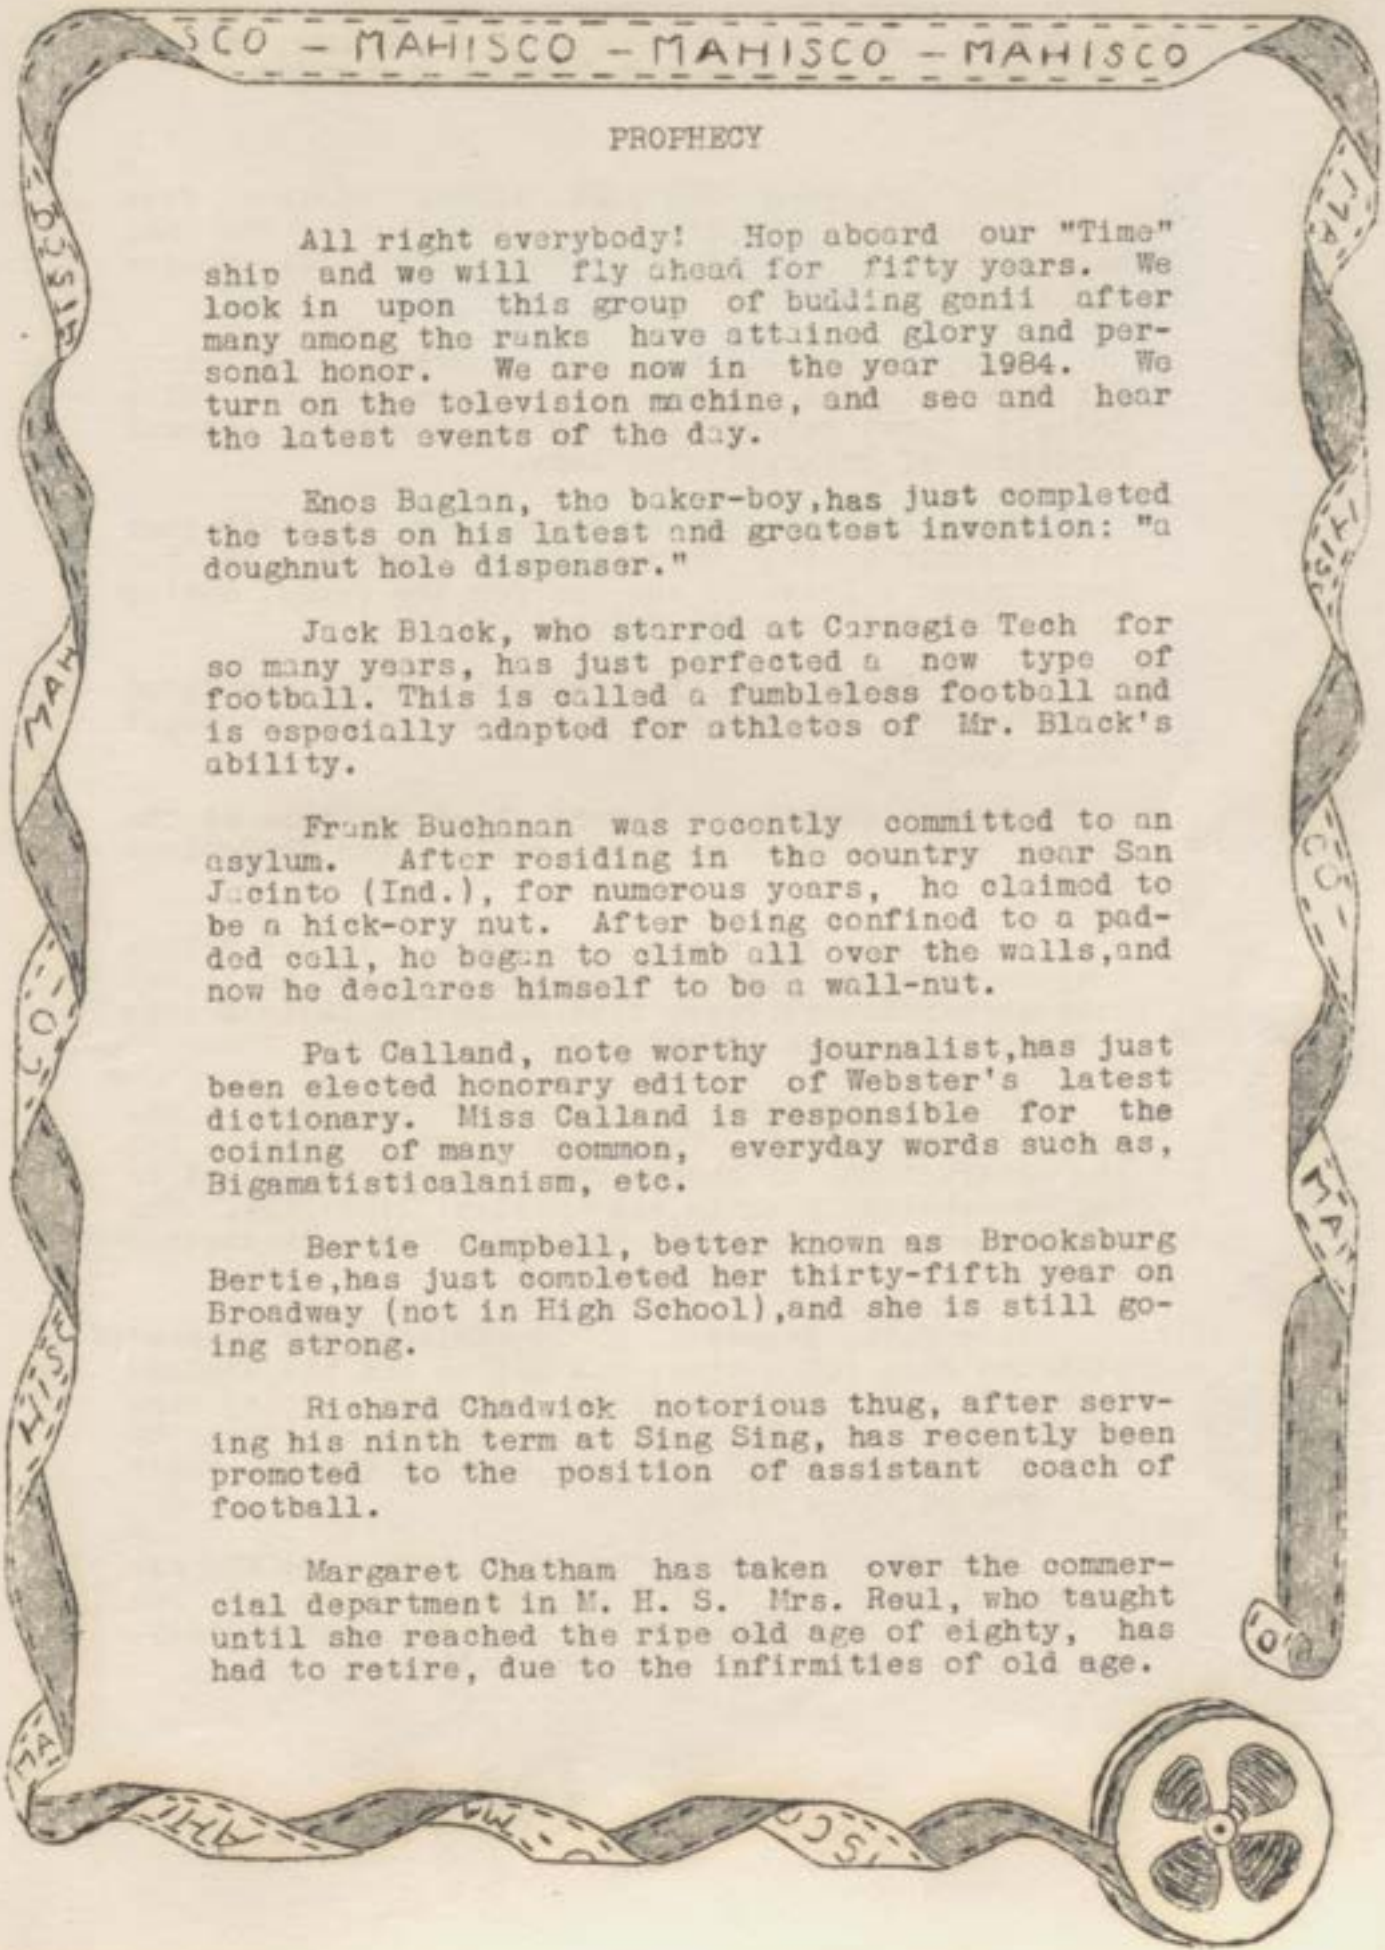

Frank Buchanan was recently committed to an asylum. After residing in the country near San Jacinto (Ind.), for numerous years, he claimed to be a hick-ory nut. After being confined to a padded cell, he began to climb all over the walls, and now he declares himself to be a wall-nut.

Pat Calland, note worthy journalist, has just been elected honorary editor of Webster's latest dictionary. Miss Calland is responsible for the coining of many common, everyday words such as, Bigamatisticalanism, etc.

Bertie Campbell, better known as Brooksbury Bertie, has just completed her thirty-fifth year on Broadway (not in High School), and she is still going strong.

Richard Chadwick notorious thug, after serving his ninth term at Sing Sing, has recently been promoted to the position of assistant coach of football.

Margaret Chatham has taken over the commercial department in M. H. S. Mrs. Reul, who taught until she reached the ripe old age of eighty, has had to retire, due to the infirmities of old age.

MAHISCO - MAHISCO - MAHISCO - MAHISCO -

Jane Crawford has just signed another five year contract with Ripley's Odditorium. She has been performing as the only human perpetual motion machine in existence.

Georgine Cofield has just completed her thirty fifth year in the Metropolitan Opera Company. Miss Cofield first gained acclaim by her very natural rendition of Sophisticated Lady.

Wilma Kellems just completed her fortieth year as Registrar at the University of Hanover. She has been given a leave of absence for two years, during which she will tour the orient.

Anna Laura Hill has recently been appointed secretary to the famous--or rather infamous--lawyer Chas. Cooper.

Eleanor Uebele has become head waitress at the little inn up at Cincinnati called the Netherland Plaza.

Helen Hill has retired recently with her fellow trapeze artist, Gilbert Schnabel. These brilliant trapeze performers were best known for their triple reverse flip flops in mid-air.

Mildred Schultz has recently invented a new kind of worm killer. This marvelous formula is for the destruction of book worms. It can be found in any convenient nook in all public libraries. The preparation is painless but the effects is another story.

Ikey Kalb, former M. H. S. athlete, who starred at Notre Dame for a time, has had to end his athletic career. In a nerve-racking, strength-sapping ping pong contest, the ball which was driven viciously by Melvin "Little Giant" Schnabel, bounded off the table and crushed three ribs.

Catherine Genter has again returned to the air on the "Yiesla Dream Girl Plumbing Program." Due to Miss Genter's pleasing and magnetic personality, her public simply won't let her retire.

SCO - MAHISCO - MAHISCO - MAHISCO

John Cooke, who during his H. S. career, may not have seemed to possess much theatrical ability, has become the screen's greatest lover. Clark Gable who may have been good in his day, does not compare to Cooke. It is rumored that Myrl Bremer, Cooke's leading lady, is "that way" about the great lover.

Henrietta Crawford, Erma Furnish and Tootsie Tavis who have been touring the country, with their flea circus, recently retired. This untimely end of such a great show was brought about by the entrance of a collie dog to the show tent.

Billy Miller, who joined the House of David basketball team, soon after graduation, recently had a bit of tough luck. He sprained his ankle where he tripped over his beard, in a vain, but valiant, attempt to score.

Jessie Eaglin, psychologist, philosopher, poet, and playwright has just returned from the far north. During her stay in the north she was inspired to write her latest play "The Iceberg."

Gavin Lodge, the founder of the Slam Bang Correspondence School of ivory tickling recently set a new record. He wore out three pianos in one week, with the amazing speed of sixty slams per second. Isn't that a note?

Catherine Ross, who may have seemed a bit frivolous in her youth, was recently appointed field supervisor of the "Yield Not to Temptation League."

Harold Hertz, noted germinologist has just recently discovered a new type of microscopic microbe which is one half plant and one half animal. This germ possesses about as much intelligence as this year's chemistry class.

Chester Lodge, retired three cushion billiard champ, has just put on the market his contribution to the sporting world, a pool ball possessing prolific personality.

Kathryn Danner, who was married just forty-five years ago today, is celebrating her wedding anniversary with friend husband, James Tidball. Rev. Tidball, famous evangelist, has been touring the country with his wife.

Walter Hassfurther, the famous coach (not with four wheels) has a real team out at Dupont this year. If they are real lucky they may win the county tourney. Dupont's most dangerous rival this year is Deputy, which is coached by former M. H. S. second team star, Charles Layton.

Patsy Cochrane, Stupendous Colossal Co. Motion Picture star, has just renewed her contract with a salary increase of three thousand dollars. Miss Cochrane has gained international fame and has been proclaimed by critics as an equal to the late Marie Dressler.

Bob McCauley has become a great magician, a second Houdini. This talent began to develop in M. H. S. where he was noted for his tricks.

Alice Coffin is now hailed as the greatest violinist of the day. Her fame is such that she has played before all the crowned heads of all the countries.

Richard Weber, who has been known for years as a great mechanical engineer, has recently invented a glass motor. This new type of motor is very simple--anybody can see right through it.

Pearl Crutchlow, a person long associated with social welfare, has just returned from Chicago where she has made a survey of conditions there. Recently she reformed "Public Enemy" No. 1, Welby Layton.

George Denny like all the other Dennys, has become a doctor. He is noted for his famous surgical operations and recently completed his 10,000th one. Isn't he an old cutup?

Peggy Voiers is now residing in Mexico where she seems to be quite an artist in captivating the hearts of the natives.

SCO - MAHISCO - MAHISCO - MAHISCO

Helen Weber, another Brooksbury belle, was recently elected to the state legislature. Her fluency and marvelous flow of English, combined with her natural oratorical ability makes her an outstanding figure in politics.

Buddy Knoebel, commercial artist, has just set forth a new art theory. Quote "The object of this new art to be, is paint the buzz and not the bee." This interview was made after Knoebel fell out of a five story building on his head.

Mildred Jones, who also made good in the theatrical world, has been declared by critics to be a combination of Greta Garbo and Mae West.

Everett Heath, local boy who made good as a gigolo has just returned to his first love, Brooksbury. He sits around the general store and tells the boys about his experience in the big city.

Theresa Schnebelt, who originated the "Schnebelt Simplified Shorthand System" for H. S. students, has just returned from Egypt, where she has been studying the similarity between her system and Egyptian hieroglyphics.

Sam Moffett who, due to his constant concentration on his favorite subjects, Chemistry & Physics has become slightly mentally unbalanced. He is some better, however, because recently he had only ten guards assigned to his padded cell, which is close to Buchanan's.

Pauline Ryker, has moved her beauty salon to Hollywood where she has worked marvels with many movie stars. Experts say she is an equal to another famous cosmetician, Sylvia.

Charles Cooper has turned into a lawyer like his illustrious father. Recently, Mr. Cooper opened a branch office in Hong Kong, China where in the language of that country he is called Won Big Fibber.

Shirley Smith, Bea Smith, Dorothy Jenkins, and Violet Jenkins have opened a clinic for the removing of gall stones. This firm specializes in this art and is known hither and yon as Smith, Smith; Jenkins, & Jenkins Surgeons.

Martin Daily, whose ability in M.H.S. was unappreciated, has recently opened a school for punsters on the Empire State building. The motto of the new School being "Pun for all & all for Pun."

We turn the television machine off, board our "Time" ship, quickly fly back fifty years and we are--at the present--all present and accounted for.

We, the Senior Class of Madison High School of the year 1934, being of almost sane mind and sound body do divide our estate among our friends in the following manner:

Enos Baglan--leaves his sense of humor to Sally Otrich who used to appreciate it.

Jack Black--wills his serious mind and large vocabulary to his brother, Bill.

Frank Buchanan--leaves his way with the women to Bud Thomas. Now what will Frank do?

Bertie Campbell--wills her style of hair dress to Elizabeth Cope so Elizabeth won't have to wear hair ribbons.

Pat Calland--wills her habit of talking with her hands to Ruth Hancock. Now, someone else can freeze her hands in the winter.

Richard Chadwick--leaves his fickleness to Chaudy Poindexter so he'll give some of the other girls a break.

Margaret Chatham--leaves her broad smile to Woody (Joe E.) Buchanan so that he will be sure of a job in the movies.

Patsy Cochrane--leaves her genial good humor to some of these "knockers."

Alice Coffin--wills her ability to concentrate to Wanda Thorpe, who seems to have so much trouble keeping her mind on typing during the seventh period.

Georgine Cofield--wills her sophisticated manner to Peggy Lynn who will probably need them when she becomes a Senior.

John Cooke--wills his knowledge of Chemistry to Evelyn Dow so Chaudy won't suffer from indigestion.

Charles Cooper--wills his skill in portraying love scenes to next year's Senior Play--there's nothing like a clinch at the climax.

Honrietta Crawford--leaves her ticket selling ability to next year's Junior class. Mr. Johnson should appreciate that, too!

Jane Crawford--leaves her Floyd Gibbons manner of speaking to Mary Babe so that the student body won't be lonesome.

Pearl Crutchlow--leaves her habit of doing many things well to Judson Schmidt.

Martin Daily--leaves his "true value" to next year's Madisonian Staff since this years didn't seem to appreciate it.

Kathryn Danner--leaves her quiet ways to Norine Lockridge so that Norine's friends will have a word now and then.

George Denny--wills his curly hair to John Blake so John can vamp all the ladies like George has done.

Jessie Eaglin--wills her versatality (ability to do many things well, to you) to Wanda Miller.

Erma Furnish--wills her typing ability to Faye Moore so that John Cox will have less trouble reading his notes.

Catherine Genter--leaves her vim, vigor and vitality to Joe Cox. Now, stay awake in the assemblies, Joe!

Walter Hassfurdor--wills his habit of getting to school at the last minute to Willie Poindexter so Willie won't have to stand on the corner so much.

Everett Heath--leaves his quiet manners to John Genter so John won't cut up so much.

Harold Hertz--wills his monkey-shines to David Patterson, who really doesn't need them.

Anna Laura Hill--wills her ability to give talks to next year's team so they won't be so embarrassed when the yell leaders call on them.

Helen Hill--leaves her dignified walk to Mary L. Greiner.

MAHISCO - MAHISCO - MAHISCO - MAHISCO -

Martha Hudson--wills her frown to Martha Danner so she can look serious once in a while.

Dorothy Jenkins--wills her period as office girl to Martha King.

Violet Jenkins--wills her freckles to Lillian Douglas so she will have something to worry about.

Mildred Jones--leaves her expressive eyes to the Public Speaking class. A "dead pan" can always kill a talk.

Ikey Kalb--could will his weak ankle to someone, but has decided to will his basket ball ability to next year's team instead.

Wilma Kelloms--leaves her scholastic standing to Edith Bush--so she can beat Kenneth.

Buddy Knoebel and Welby Layton--will their quiet ways and modesty to some of the Freshmen, who really need it.

Mrrl Kremer--wills her mechanical drawing ability to Bob McCarthy so Bob can still be Mr. Hodger's pal.

Charles Layton--leaves his nickname of "Bacon" to the team so Mr. Beer can bring home the bacon next year.

Chester Lodge--wishes that his magazines go to Ted Herbst so that Ted may become a real man like Lodge and have variety of reading matter to supplement his text books.

Gavin Lodge--leaves his very dignified manners to Ticker Scott. Take what you get and like it Ticker.

Bob McCauloy--leaves his Irish blarney to Perin Scott. Now Perin will be a real lady-killer.

Billy Miller--wills his beard to Jack Matthews. Life will be a little more complicated now Jack, because you will have to shave at least once a month.

Sam Moffett--wills his scientific ability to Kenneth Bush so that the world may derive benefit from many new scientific discoveries.

Marie Potter--leaves her "out of breath" manner of speaking to Perin Scott, so that Willie Poindexter will have a chance to win the mile next year.

Ruth Ramsey--leaves her knowledge of Latin to Miss Smith so she can pass it on to the incoming Freshmen.

Catherine Ross--leaves her strange power over men to Elizabeth Turner. Slay 'em "Ibty."

Pauline Ryker--leaves her ability to wave hair to Joe Joyce. It should cut down on your expenses, Joe.

Gilbert Schnabel's slowness of speech goes to Mrs. Reul so that the students to come won't have to learn as fast as Gilbert did.

Melvin Schnabel--wills his versatile sense of humor to Mr. Reul so that Mr. Reul will be able to appreciate all the funny things in his assemblies.

Theresa Schnebelt--wills her height to Marjorie Sauer so Marjorie won't get under people's feet in the halls.

Mildred Schultz--wills her Mae West possibilities to Elizabeth Turner.

Beatrice Smith--leaves her long hair to Marjorie Denny. Would be a startling change, wouldn't it?

Shirley Smith--wills his baseball ability to Clifford Hassfurd so the Hassfurd baseball tradition may be carried on.

Tootsie Tevis--wills her determined chin to Betsy Vincent who is very timid.

Eleanor Uebele--wills her stamina to some of her friends who have such a long walk to school.

Margaret J. Voiers--wills her diamond rings to Anna Peddie so that Anna may dazzle her boy friends.

Helen Weber--wills her blonde hair to Catherine Wallace. Gentlemen prefer blondes, Peggy.

MAHISCO - MAHISCO - MAHISCO - MAHISCO -

Richard Weber--wills his interest in machinery to David Patterson, who, with his knowledge of geometry, should be able now to operate and construct many kinds of machines.

CLASS SONG

We wish to bid a fond farewell
To classmates true, everyone of you,
The time has come, when we must away,
Our school career is nearly through,
Though we must depart,
We will still remain in spirit,
And when we're far away,
Our thoughts will wander back,
To those happy hours we spent,
So as we leave the dear old school,
We'll not forget, all those hours we spent,
And when we're gone, we will wish that we,
Could then return to days of yore,
But with head held high,
And our goal the stars up in the sky,
We leave, and hope you'll not forget
The class of '34

The Story of the Play

Jack Marshall, better known as "Speedy" Marshall, is brought to the Good Samaritan Sanitarium, having been mistaken for his friend Jimmie Anderson who was to be committed there for treatment. Jack had persuaded Jimmie to take his car and throw Hardboiled McCafferty off his track for he had been promised jail if he were caught again for speeding. Jack's father, who is a member of the board of Directors, refuses to identify him thinking that a rest cure in the sanitarium might help to cure him of his speed mania.

While here he meets Lois Meredith who is giving an entertainment for the patients. He had seen her before in Paris and had followed her all over Europe trying to meet her. However, she believes him to be one of the patients and does not take his love making seriously. He also finds that Evelyn Winslow is a patient at the sanitarium because of the disappearance of her fiance, Edward Gordon, who is a friend of Jack. He promises to send for Edward.

Hardboiled McCafferty, being told that Jack is at the sanitarium, comes there in search of him. Jack points out Reggie Mortimer to him as himself and McCafferty arrests him. Edward Gordon is brought to the sanitarium and he and Evelyn are reunited. Meanwhile Miss Meredith is kidnapped, having in her possession Evelyn Winslow's jewelry. Jack immediately sets out to rescue her.

He finds her and brings her back. It is discovered that Inmate No. 1, and Inmate No. 2 are accomplices in the robbery of the jewelry and are placed under arrest. Jack and Lois then start out in search of a marriage license.

THE CUSTER CONTEST

The annual Custer Contest was held this year at the Brown Gymnasium on Friday night, May 4.

The prizes for the contest are obtained from interest on a gift of one thousand dollars, which was made to the school by the late Mr. A. S. Custer.

All contestants must have attended Madison High School during their entire four years. Their deportment grades must be ninety per cent or above.

The five seniors who have made the highest grades are eligible. If one of these does not wish to compete, the next in rank is eligible.

Those in the contest this year were:

Pauline Ryker	The White Hands of Telham
Sam Moffett	Our Responsibility
Alice Coffin	Apple Blossoms
Everett Heath	Characteristics of American People
Enos Baglan	Dog of Flanders

SENIOR CLASS POEM:

We are Seniors, courageous, triumphant;
Our four years' objective is near.
Yet our footsteps grow slow and reluctant
As we part from this high school career.

That proud day when we came here as Freshmen
What memories our blunders recall!
Advancing, as Sophomores and Juniors, then
Came the happiest years of all.

So we've studied and had our pleasures, too,
With teachers, and schoolmates, and friends.
We regret it, and yet, as most things do,
This memorable four years ends.

Thus must be broken the bonds held so dear;
We have sought to be loyal and true.
H. H. S., thy name we shall ever revere
Farewell, one another and you.

JUNIOR CLASS HISTORY

Juniors at last! It seems difficult to realize that we have actually attained this exalted rank. We no longer stand in the timid giggling groups of our Freshman year, but pass the Freshman with a superior smile, for now we are upper classmen.

Clara Crutchlow was our Freshman president. David Patterson and Marjorie Sauer were chosen as members of the Booster Club, and Paul Steinhardt and Joe Cox were our yell leaders. As we busily adjusted ourselves to our new surroundings, our first year slipped happily although uneventfully by.

In our Sophomore year the habitual timidity of the Freshie year began to disappear, and we took our place in all school activities with enthusiasm. Wanda Miller was elected class president, and we were represented in all organizations. The Sophomore girls won a glorious victory in the Interclass Tourney.

After an enjoyable vacation we returned to high school as Juniors. What a contrast to the Freshies of two years ago! Paul Steinhardt was chosen to guide the destinies of our third year in high school. Joe Cox and Sally Otrich were our Booster Club representatives, and Joe Cox and Alene Poake became the yell leaders for the school. In the school play, "Phillip for Short", we had three members of our class—Paul Steinhardt, Catherine Wallace, and Mary Jane Hargitt. We lost in the Interclass Tourney, but succeeded in placing four of our boys on the varsity squad.

We were very active in our preparation for the Junior-Senior Prom, and much credit is due our sponsor, Miss Lotz, who has helped and guided us in every way possible.

We are proud of our record so far and anticipate great victories for the green and white in the months to come.

SOPHOMORE CLASS HISTORY

We, the class of '36, having left our "Freshman Days" behind, are about to pass through the half-way point on our journey through high school.

Although last year we were looked upon as "mere youngsters" by the other classes, we didn't mind for we knew we would have the pleasure of being looked up to in the years to come.

Mary Louise Greiner was elected president of our Freshman class.

After a most enjoyable vacation we returned to M.H.S. with a lot of "pep, vim, and vigor." We elected Kathern Powell as our class president.

We started the year off with the Sophomore boys winning the Interclass Tourney. Quite a few of these boys have been "carrying on" since then on the varsity squad.

Junior Joy Night was revived again this year and "Willie" Poindexter, a member of the Sophomore class, was on this occasion crowned "King of M.H.S."

Our class has been taking an active part in various school activities--band, orchestra, Latin club. We have enjoyed the first two years of our high school course, and we feel that we are somewhat wiser than when we entered; but we are sure that the next two years will hold much in store for us.

FRESHMAN CLASS HISTORY

We took our place among the rank and file of M. H. S. students in September 1933. It did not take us long to become acquainted with the school, though we really were almost as important as a baby minnow in the Atlantic.

The small stature of one member of our class has been the subject of much comment among the upper classmen.

We have taken active part in all school activities and have been well represented in the field of sports, as well as scholastic work.

At times we do feel small, but we are sure that, eventually, we will grow up and then we can be looked up to by the under classmen.

THE SUNSHINE SOCIETY

The Sunshine Society, introduced into this state in 1900 at Crawfordsville by Miss Anne Wilson, was founded in Madison High School twenty-three years later by Miss Jessie Wells. Since that time, the organization has had two sponsors, Miss Mayme Hadley and our present sponsor, Mrs. Jennie Reul.

The Sunshine Society is just what the name implies--a society the purpose of which is to render cheery helpfulness and kindness to others. Its membership is open to any girl who desires to live up to its motto.

Many people have been inspired by the helpfulness and usefulness of this club, for, since its formation, hundreds of dollars have passed through the treasury for the betterment of the school and community.

"M" CLUB

This year marked the reorganization of the "M" Club, which is sponsored by Coach Charles O. Beer. The purpose of this organization is to assist in developing better athletics in M. H. S. To become a member, one must have earned a letter in some sport in high school, such as basket ball, base-ball, or track.

An initiation is generally held before the newly qualified members are admitted to the club, but the initiation program was dispensed with this year because of the small number of old members.

HI-Y

The local Hi-Y, a branch of the Young Mens' Christian Association, was organized in 1924 under the leadership of Mr. Evans W. Cottman, its present sponsor.

The purpose of the Hi-Y is to create, maintain, and extend, throughout the school and community, a higher standard of Christian character.

During the school year, this club engages in many activities. Occasionally, it gives programs for the general assembly. It sponsors a second hand book store, where second-hand books may be bought and sold. It has charge of a candy locker, between bells in the morning, and at noon. It holds a picnic every year, and usually sponsors a Valentine Box on February fourteenth.

The Hi-Y stands for high ideals, and the members strive to make the school and community better.

G. A. A.

The G. A. A. has a larger enrollment this year than for the preceding years. Bertie Campbell is at the head of the organization, with Alene Peake and Mary Battles assisting.

Points are gained this year through three major sports--volley ball, basket ball, and base ball.

By the close of the present school year, the organization hopes to be an accepted member of the new Indiana League of High School Girls' Athletic Associations.

The Girls' Interclass Tourney, March 22 and 23, was one of our most closely contested matches. Each class had a larger number than usual participating, and the ability displayed by the different classes was more nearly equal.

SENATUS POPULUSQUE ROMANUS

The Latin Club, Senatus Populusque Romanus, was reorganized in 1932 under the guidance of Miss Ersie Smith.

The purpose of the Latin Club is to unite those students studying Latin that they might obtain a more effective appreciation of the Latin language, classics, Roman civilization and customs.

The club is divided into two divisions. Those in 10B, 10A, and higher Latin classes are called Patricians, and those pupils who are studying 9B and 9A Latin are called Plebians. The Patricians meet during activity period the fourth Wednesday in every month, and the Plebians meet the second Wednesday.

INDUSTRIAL ARTS

The Industrial Arts Club was organized in 1928 by Mr. Hodgers, its present sponsor.

The purpose of the organization is to create an interest among the boys of Madison High School in manual training, mechanical drawing and other branches of industrial training. To this end some trips have been made by members of the club to large motor and manufacturing plants.

The outstanding social event of the organization is the annual fish fry. This is eagerly looked forward to by all members of the club.

The staff has worked hard to make this year's Madisonian a paper which would be a credit to the school.

In the new plan of giving the paper to every member of the student body, the staff has tried to make it a "school paper."

The staff and the sponsors of the Madisonian deserve credit for their work, and the time which they have spent on this year's publication.

BOOSTER CLUB

In the school year of 1926-27 the Booster Club became an active organization of Madison High School, under the sponsorship of Mr. C. K. Salm. The club consists of two students chosen from each class division--thus making the total membership sixteen.

The purpose of this club is to back all school functions and activities, and to create and help to maintain a good school spirit among the student body.

The Booster Club has served many useful purposes since its origin. Various money making schemes to secure funds have been undertaken. This money has been used to buy awards, when necessary, for the athletes who have earned their letters. The equipment used by the yell leaders has been supplied by the Booster Club.

This organization has backed the M. H. S. debating team, has contributed frequently to the financial support of the Madisionian, and other activities of the school that were in need of financial aid.

The Interclass Tourney is an annual event which is sponsored by the Boosters. Tickets for all tournaments are sold by the members of the club.

BAND AND ORCHESTRA

One of the many aims in public school music has been realized this year in Madison High School. High school bands, orchestras, and glee clubs hope to perfect musical selections that they may be enjoyed by both the student body as a whole and the community.

The band is in a more advanced stage this year, and is capable of learning more difficult band literature. The band played at North Madison to welcome the train load of C. C. C. boys, and later for the parade down Main Street. Besides playing at all basket ball games the band appeared at several pep sessions and led a parade of students at the beginning of the season. On February eighth the band and orchestra added real interest to a musical program sponsored by the high school at the Brown gym.

The orchestra has appeared at the School Play, an assembly program, and was well received at a Rotary program in January. The orchestra will play for the operetta, "Cinderella", at the Senior Play, at the Custer Contest, and at Commencement.

A beautiful production of the well loved fairy tale, "Cinderella", is now being rehearsed by the glee clubs. The best voices and dramatic ability will be used in this production, besides a chorus of fairies and a group of boys and girls for a court room dance.

Trios from both the girls and boys groups have been quite in demand on several programs given by the Sunshine Society, the Madison Music Club, the Rotary Club, and at the Methodist Church.

Groups from these various organizations will be used in a Kiwanis ladies night program in April, when a humorous operetta, "The Magic Beanstalk", will be given by twenty six children of Kiwanians.

SCHOOL SONG

Sing a song, loud and long, M. H. S.,

Rah! Rah! Rah! Rah! Rah! Rah!

She's a winner,

She's known from the East to the West

As a mighty company,

Let high schools remember her name

As an omen of fear and disaster;

She's known for her worth and her fame

That she will beat them, she'll defeat them

She's a winner!

Rah! Rah! Rah! Rah! Rah!

Now once again, Rah! Rah!

Together girls and boys,

Now once again, Rah! Rah!

Forgetting pose and poise

Till everyone in town will hear that joyous noise

And know we're winning, were winning tonight!

THE GOOD OLD GAME OF BASKET-BALL

This is the story of Amos and Spike,
Chaudy, Ben, Hertz, Willy and Ike,
And a lot of others, wild and tame,
Who helped to win or lose each game.

We started off with a mighty bang!
Lo! poor Austin's head did hang;
But Scottsburg was little scotch
And pulled our noses down a notch.

Corydon was feeling gay
And so she stole our game away,
But Orleans wasn't quite so swift;
We gave our average score a lift.

The Benedicts from Vevay town
Were easy for the Cubs to down.
The Brownstown Bears found out too late
They should stay home and hibernate.

Salem in a hard fought game
Made us look a little lame.
New Albany had Bulldogs too,
Who at the Beermen took a chew.

Scottsburg Warriors came once more
And trounced us as they did before.
The Carrolton boys from old Kentucky
Played a game both fast and lucky.

MAHISCO - MAHISCO - MAHISCO - MAHISCO -

Brownstown, stung by her defeat,
Once more became our easy meat.
North Vernon had the Panther fight
And so we bowed to the Blue and White.

The Blind Tourney was worth the cash
Because we gave Scottsburg a smash,
But once more North Vernon was there
To catch us in her little snare.

Salem came to Brown Gym then
To hit us on our double chin.
The Lawrenceburg Tigers came out of
their cage
And showed our bag a little rage.

Vevay! thank the stars for you!
Doesn't this make number two?
Carrolton, you darling thing,
This time your tingling ears shall
ring.

The Greensburg boys were a little
rank
But still they made us walk the
plank.
Edinburg came strutting by
Until we blew her team sky high.

Then when the season all was done
We found that things had just begun.
Hooray for good old basket-ball!
We won the sectional after all!

BOYS' INTERCLASS TOURNEY

With the "dope box" set for the Seniors to win, the Sophomores, having a fast and shifty quintet, came through with a great surprise. The Seniors, beyond doubt, were the favorites among the fans, but the underclassmen out played them in every respect, and therefore became champions of the Interclass Tourney.

The Freshmen also came through with an unexpected victory over the Juniors 17-12. This, of course, gave them a chance to play in the finals.

As the score indicates, the Sophomores had an easy victory in the championship tilt, 27-12

GIRLS' INTERCLASS TOURNEY

The annual girls' interclass tourney, held March 22 and 23, was won very easily by the Juniors. Hardly any competition was offered except during their first game. This was played with the Sophomores, in which the final score of the tilt ended 30-20.

The Freshmen put up a very strong and desperate fight against the Seniors in the semi-finals. At the half the upperclassmen started clicking, and gradually they pulled away for a victory. The score of this battle was 28-17.

In the curtain raiser of the following night, the underclassmen were beaten again--this time by the Sophomores and to the rhythm of 28-17. This was the closest and most exciting game of the entire tournament.

In the finals, the Juniors had an easily won victory. The Senior sextette played a very good brand of ball, but the underclassmen, with their unerring eye for the basket, were out for victory. The game ended with the Juniors far in the lead--28-6.

TRACK

Interest in track has lagged somewhat during the past few years, but was revived to a certain extent this year due to the fact that the track field has been greatly improved.

Interclass was won by the Seniors, with Juniors, Sophomores, and Freshmen following in the order named.

This meet gave coach Beer material to choose from and the following men were picked for the varsity:

R. Kalb	220 and shot put
R. Chadwick	440 and broad jump
W. Poindexter	880 and mile
E. Baglan	880 and 120 high hurdles
J. Bayne	220 and 220 low hurdles
